30-1150: Anti-C-peptide of Proinsulin Monoclonal Antibody (Clone:C-PEP-01)

Clone Name: C-PEP-01
Application: ELISA
Reactivity: Human
Format: Purified
Isotype: Mouse IgG1

Immunogen Information: Human C-peptide conjugated to bovine serum albumin.

Description

From every molecule of Proinsulin, one molecule of Insulin plus one molecule of C-peptide are produced. C-peptide is released into the blood stream in equal amounts to Insulin.

Product Info

Amount: 0.1 mg

Purification : Purified by precipitation and chromatography

Storage condition : Store at 2-8°C. Do not freeze.

Application Note

ELISA RIA Immunohistochemistry Recommended dilution:

purified 2-5 μg/ml biotin 25 μg/ml Positive control:

human pancreas (islets of Langerhans) Immunocytochemistry
