

### 37-1315: Human PARM1 / PARM-1 Recombinant Protein (His Tag)(Discontinued)

 Reactivity :
 Human

 Alternative Name :
 Cipar1 Protein, DKFZP56400823 Protein, PARM-1 Protein, WSC4 Protein,

### Description

### Source : HEK293 Cells

# **Product Info**

| Amount :            | 1 Recombinant Protein (His Tag)(Discontinued) / 100 $\mu g$                                                                                                      |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Purification :      | > 85 % as determined by SDS-PAGE                                                                                                                                 |
| Content :           | Formulation Lyophilized from sterile PBS, pH 7.4.<br>Normally 5 % - 8 % trehalose, mannitol and 0.01% Tween80 are added as protectants before<br>lyophilization. |
| Storage condition : | Store it under sterile conditions at -20°C to -80°C. It is recommended that the protein be aliquoted for optimal storage. Avoid repeated freeze-thaw cycles.     |
| Amino Acid :        | Met1-Ser258                                                                                                                                                      |

# **Application Note**

Endotoxin :< 1.0 EU per  $\tilde{A} \square \hat{A} \mu g$  protein as determined by the LAL method.
