

32-9369: Recombinant Cynomolgus OX40/TNFRSF4/CD134 (C-6His)

Alternative Name : Tyrosine-protein kinase Lyn (LYN); Lck/Yes-related novel protein tyrosine kinase; V-yes-1 Yamaguchi sarcoma viral related oncogene homolog; p53Lyn; p56Lyn and JTK8;

Description

Source : Human Cells;

LYN contains one protein kinase domain, one SH2 domain, one SH3 domain, and the protein kinase domain plays an important role in its localization in the cell membrane. LYN is also thought to participate in signal transduction from cell surface receptors that lack intrinsic tyrosine kinase activity. In addition, LYN is associated with a number of cell surface receptors including the B cell antigen receptor and immunoglobulin E receptor (FcεRI).

Product Info

Amount : 500 µg / 50 µg

Content : Lyophilized from a 0.2 µm filtered solution of PBS,pH7.4.

Amino Acid : Recombinant Cynomolgus OX40L Receptor is produced by our expression system and the target gene encoding Lys28-Ala214 is expressed
