32-6613: PF4 Bovine

Application: Functional Assay

Alternative Name: CXCL4, PF-4, PF4, Iroplact, Oncostatin-A, SCYB4, MGC138298.

Description

Source: Escherichia Coli.

Sterile Filtered White lyophilized (freeze-dried) powder.

Platelet factor-4 is a 70-amino acid protein that is released from the alpha-granules of activated platelets.PF4Â's major physiologic role appears to be neutralization of molecules on the endothelial surface of blood vessels, thereby inhibiting local antithrombin III activity and promoting coagulation. As a strong chemoattractant for neutrophils and fibroblasts, PF4 probably has a role in inflammation and wound repair. Oncostatin-A is a member of the CXC chemokine family. Furthermore, it is used as an inhibitor in the angiogenesis during tumor therapy.

Platelet Factor-4 (CXCL4) Bovine Recombinant produced in E.Coli is a non-glycosylated polypeptide chain containing 88 amino acid and having a molecular mass of approximately 9.5kDa.PF4 is purified by proprietary chromatographic techniques.

Product Info

Amount : $50 \mu g / 100 \mu g$

Purification: Greater than 95.0% as determined by: (a) Analysis by RP-HPLC. (b) Analysis by SDS-PAGE.

Lyophilized from a 0.2µm filtered concentrated solution in 20 mM PB and 500mM NaCl, pH 7.0. It is recommended to reconstitute the lyophilized Platelet Factor-4 in sterile 18M Omega -cm

Content : It is recommended to reconstitute the lyophilized Platelet Factor-4 in sterile 18M Omega -cm

H2O not less than $100\mu g/ml$, which can then be further diluted to other aqueous solutions.

Lyophilized CXCL4 although stable at room temperature for 3 weeks, should be stored

Storage condition : desiccated below -18°C. Upon reconstitution Platelet Factor-4 should be stored at 4°C between

2-7 days and for future use below -18°C. Please prevent freeze-thaw cycles.

Amino Acid: ESSFPATFVP LPADSEGGED EDLQCVCLKT TSGINPRHIS SLEVIGAGTH CPSPQLLATK KTGRKICLDQ

QRPLYKKILK KLLDGDES.

Application Note

The biological activity determined by a chemotaxis bioassay using human neutrophils is 10-100ng/ml.
