# 12-8140: Anti-Ketanserin Antibody (17101)

| | |
|---|---|
| **Clonality :** | Monoclonal |
| **Clone Name :** | KET101 |
| **Application :** | ELISA |
| **Reactivity :** | Ketanserin |
| **Alternative Name :** | Sufrexal |
| **Isotype :** | Mouse IgG1 |
| **Immunogen Information :** | Ketanserin conjugated via carboxymethyloxime to keyhole limpet hemocyanin (KLH). |

## Description

Specificity: Mouse Monoclonal Antibody specific to Ketanserin and has a Kd of 2 nM for ketanserin.

## Product Info

| | |
|---|---|
| **Amount :** | 500µg |
| **Purification :** | Preparation: Purified by Protein G affinity chromatography |
| **Content :** | Concentration: Lot Specific<br>Formulation: PBS, pH 7.4. |
| **Storage condition :** | These antibodies are stable for at least one (1) year at -20°C to -70°C. Store product in appropriate aliquots to avoid multiple freeze-thaw cycles. |

## Application Note

This antibody may be used in immunoassays for detection of ketanserin. Other applications are under investigation.

***For Research Use Only. Not for use in diagnostic/therapeutics procedures.***
