12-9261-PE: PE-conjugated Anti-PSCA antibody(DM87), Rabbit mAb

Clonality :	Monoclonal
Clone Name :	DM87
Application :	Flow Cyt
Reactivity :	Human
Conjugate :	PE-conjugated
Gene :	PSCA
Uniprot ID :	O43653
Alternative Name :	PSCA;UNQ206;PRO232
Isotype :	Rabbit IgG

Description

This gene encodes a glycosylphosphatidylinositol-anchored cell membrane glycoprotein. In addition to being highly expressed in the prostate it is also expressed in the bladder; placenta; colon; kidney; and stomach. This gene is up-regulated in a large proportion of prostate cancers and is also detected in cancers of the bladder and pancreas. This gene includes a polymorphism that results in an upstream start codon in some individuals; this polymorphism is thought to be associated with a risk for certain gastric and bladder cancers. Alternative splicing results in multiple transcript variants.

Product Info

Amount :	100 Test
Purification :	Purified from cell culture supernatant by affinity chromatography
Content :	Liquid PBS with 0.05% Proclin300, 1% BSA
Storage condition :	Store at 2°C-8°C for 6 months

Application Note

Flow Cyt 1:100

For Research Use Only. Not for use in diagnostic/therapeutics procedures.
