## 32-1900: GRO g Recombinant Protein

**Alternative** Macrophage inflammatory protein 2-beta, MIP2-beta, CXCL3, Growth-regulated protein gamma, GRO-

Name: gamma,GRO-gamma(1-73),GRO3,GROg,MIP2B,SCYB3,MIP-2b,CINC-2b,MGSA gamma.

## **Description**

Source: Escherichia Coli. GRO-Gamma Human Recombinant produced in E.Coli is a single, non-glycosylated, polypeptide chain containing 73 amino acids and having a molecular mass of 7902 Dalton. The CXCL3 is purified by proprietary chromatographic techniques. Chemokine (C-X-C motif) ligand 3 (CXCL3) is a small cytokine belonging to the CXC chemokine family that is also known as GRO3 oncogene (GRO3), GRO protein gamma (GROg) and macrophage inflammatory protein-2-beta (MIP2b). CXCL3 controls migration and adhesion of monocytes and mediates it effects on its target cell by interacting with a cell surface chemokine receptor called CXCR2. The gene for CXCL3 is located on chromosome 4 in a cluster of other CXC chemokines.

## **Product Info**

Amount: 10 µg

**Purification:** Greater than 98.0% as determined by:(a) Analysis by RP-HPLC.(b) Analysis by SDS-PAGE.

**Content:** The protein was lyophilized with no additives.

Lyophilized GRO-gamma although stable at room temperature for 3 weeks, should be stored desiccated below -18°C. Upon reconstitution CXCL3 should be stored at 4°C between 2-7 days

and for future use below -18°C. For long term storage it is recommended to add a carrier

protein (0.1% HSA or BSA). Please prevent freeze-thaw cycles.

Amino Acid: The sequence of the first five N-terminal amino acids was determined and was found to be Ala-

Ser-Val-Val-Thr.

## **Application Note**

Storage condition:

It is recommended to reconstitute the lyophilized CXCL3 in sterile  $18M\tilde{A}\Box\hat{A}\odot$ -cm H2O not less than  $100\tilde{A}\Box\hat{A}\mu g/ml$ , which can then be further diluted to other aqueous solutions. The Biological activity is calculated by its ability to chemoattract CXCR2 transfected 293 cells using 10-100 ng/ml corresponding to a Specific Activity of 10,000-100,000IU/mg.
